*Explore the mind and world of the brilliant neurosurgeon-turned-Sorcerer Supreme Doctor Stephen Strange Marvel Comics legends Stan Lee and Steve Ditko first introduced Doctor Stephen Strange to the world in 1963—and his spellbinding adventures have wowed comic book fans ever since. Over fifty years later, the brilliant neurosurgeon-turned-Sorcerer Supreme has finally travelled from the pages of comics to the big screen,*

introducing a new generation of fans to his mind-bending mysticism and self-sacrificing heroics. In *Doctor Strange and Philosophy*, Mark D. White takes readers on a tour through some of the most interesting and unusual philosophical questions which surround Stephen Strange and his place in the Marvel Universe. Essays from two-dozen Philosophers Supreme illuminate how essential philosophical concepts, including existentialism, epistemology, metaphysics, and ethics, relate to the world of Doctor Strange. Fans will find answers to all their Strange questions: How does Doctor Strange reconcile his beliefs in science and magic? What does his astral self say about the relationship between mind and body? Why is he always so alone? And what does he mean when he says we're just "tiny momentary specks within an indifferent universe"—and why was he wrong? You won't need the Eye of Agamotto to comprehend all that is wise within. *Doctor Strange and Philosophy* offers comic book fans and philosophers alike the chance to dive deeper into the world of one of Marvel's

most mystical superheroes. Strange disappearances and attacks from an unknown animal are happening in rural areas in New York. How does twenty-three-year-old Maybeline Chevy, serving coffee in Buffalo, get wrapped up in this puzzle of a mystery? Recommended age: 13 years +

"Many a reader longing for a sense of homecoming in the realm of romantic fantasy will find it in *A Strange and Stubborn Endurance*."—Jacqueline Carey

"Stolen me? As soon to say a caged bird can be stolen by the sky." Velasin vin Aaro never planned to marry at all, let alone a girl from neighboring Tithena. When an ugly confrontation reveals his preference for men, Vel fears he's ruined the diplomatic union before it can even begin. But while his family is ready to disown him, the Tithenai envoy has a different solution: for Vel to marry his former intended's brother instead.

Caethari Aeduria always knew he might end up in a political marriage, but his sudden betrothal to a man from Ralia, where such relationships are forbidden, comes as a shock. With an unknown faction willing to

kill to end their new alliance, Vel and Cae have no choice but to trust each other. Survival is one thing, but love—as both will learn—is quite another.

Byzantine politics, lush sexual energy, and a queer love story that is by turns sweet and sultry, Foz Meadows' *A Strange and Stubborn Endurance* is an exploration of gender, identity, and self-worth. It is a book that will live in your heart long after you turn the last page. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Filled with visceral and engaging prose, this graphic novella offers a nostalgic look at two young misfits who manage to find belonging and heartbreak in each other's friendship. Anjeline walks with an open heart, but alone, through a world that consistently rejects her; Franck, another loner, never smiles. After the hand of fate literally shoves them together in the roiling mosh pit at a Midtown rock concert, they bond over the long commute back to Staten Island, and begin a friendship that makes the world a little better for them both.

Together, this strange pair turns the sharp-edged, gloomy New York City into their playground...even as pain and heartbreak await around the corner. "I intend to stand firm and let the peacocks multiply, for I am sure that, in the end, the last word will be theirs." --Flannery O'Connor

When she was young, the writer Flannery O'Connor was captivated by the chickens in her yard. She'd watch their wings flap, their beaks peck, and their eyes glint. At age six, her life was forever changed when she and a chicken she had been training to walk forwards and backwards were featured in the Pathé News, and she realized that people want to see what is odd and strange in life. But while she loved birds of all varieties and kept several species around the house, it was the peacocks that came to dominate her life.

Written by Amy Alznauer with devotional attention to all things odd and illustrated in radiant paint by Ping Zhu, *The Strange Birds of Flannery O'Connor* explores the beginnings of one author's lifelong obsession. Amy Alznauer lives in Chicago with her husband, two children, a

dog, a parakeet, sometimes chicks, and a part-time fish, but, as of today, no elephants or peacocks. Ping Zhu is a freelance illustrator who has worked with clients big and small, won some awards based on the work she did for aforementioned clients, attracted new clients with shiny awards, and is hoping to maintain her livelihood in Brooklyn by repeating that cycle. Emily is not your average 13-year-old girl. She wears the same black dress everyday. She loves maths and science. Her best friends are four black cats and she's into old rock and punk music. In this book Emily travels back in time to the 18th century to learn the truth behind a class assignment. Naturally, mayhem ensues. A monumental, genre-defying novel that David Mitchell calls "Michel Faber's second masterpiece," *The Book of Strange New Things* is a masterwork from a writer in full command of his many talents. It begins with Peter, a devoted man of faith, as he is called to the mission of a lifetime, one that takes him galaxies away from his wife, Bea. Peter becomes immersed in the mysteries of

an astonishing new environment, overseen by an enigmatic corporation known only as USIC. His work introduces him to a seemingly friendly native population struggling with a dangerous illness and hungry for Peter's teachings—his Bible is their “book of strange new things.” But Peter is rattled when Bea's letters from home become increasingly desperate: typhoons and earthquakes are devastating whole countries, and governments are crumbling. Bea's faith, once the guiding light of their lives, begins to falter. Suddenly, a separation measured by an otherworldly distance, and defined both by one newly discovered world and another in a state of collapse, is threatened by an ever-widening gulf that is much less quantifiable. While Peter is reconciling the needs of his congregation with the desires of his strange employer, Bea is struggling for survival. Their trials lay bare a profound meditation on faith, love tested beyond endurance, and our responsibility to those closest to us. Marked by the same bravura storytelling and precise language that made *The Crimson*

*Petal and the White* such an international success, *The Book of Strange New Things* is extraordinary, mesmerizing, and replete with emotional complexity and genuine pathos. *Emily's Strange To-Do List*: 1. Lose (and regain) mind 2. Reprogram golem 3. Locate secret book vault 4. Commune with Dead Dark Aunts 5. Rescue Cousin Jakey 6. Redecorate souvenir kiosk 7. Thwart Thought Thief 8. Endure hero worship 9. Grant ancestral enemy's deepest wish 10. Save cat-napped kitty 11. Summon black rock 12. Defeat Shady Uncles 13. Guard family legacy & claim inheritance!

The three pieces gathered in *The Strange Case of Rachel K* roughly map the genesis of Rachel Kushner's fiction. From the fate of a conquistador in "The Great Exception," to the illegal radio broadcasts and then bombs in "Debouchment," to a Havana courtesan's "strange" case, these stories build into a vision of Cuba that is black-humored, brutal, and beautiful. In this collection, which "overflows in atmosphere as it shows off the burgeoning talent of one of our best writers" (NPR), Rachel Kushner is

forging her own original path into the wilds of contemporary fiction. Phoenix newspaper columnist Alexander Strange enjoys his job writing about news of the weird, but his own life becomes bizarre when shots riddle his uncle's Scottsdale, Arizona home. Who would want Superior Court Judge Leonard D. Strano dead? And why? Strange has twenty-four hours to find the answers or he'll have a death on his hands. Maybe his own. To solve the mystery, he must cobble together an unlikely alliance of newspaper and television reporters, a sketchy bailiff, and a retired madam--all the while dodging the intrusive eyes of a pair of dubious FBI agents, packs of wild dogs, a freeway shooter, and an uncontrolled forest fire. And how in the world did he end up in those high heels? Vividly describes the invisible physical and biological events in a house that are a part of everyday life, such as the eggs quietly breathing in the refrigerator and the electrical force fields curling out of the wall sockets Sixteen-year-old Eleanor Fitt's brother is missing. And when she discovers

that the Dead are rising in Philadelphia and wreaking havoc throughout the city, she knows that her brother is involved. So Eleanor enlists the help of the Spirit-Hunters. This motley crew, hired to protect the city from supernatural forces, is after the necromancer who has been reanimating corpses. Their skills can save her brother. But as Eleanor spends time with the Spirit-Hunters, and their handsome inventor, Daniel, the situation becomes dire. Now not only is her reputation at risk, but her very life may hang in the balance. In *Something Strange and Deadly*, the first book in a trilogy, Susan Dennard weaves together vividly imagined scenes of action, adventure, and gorgeous Victorian fashion to create an entertaining steampunk tapestry of humor, horror, and romance. Readers who love Cassandra Clare's *Infernal Devices* series will be intrigued from the start. You're probably breaking the law right now—and don't even know it. Did you know... ?

Naples, Italy, enforces laws for what constitutes real pizza, and "pizza police" visit restaurants to crack down on

unlawful pies? ? In West Virginia it is a crime to display or possess a red or black flag? ? It is illegal to sell stuffed articles depicting female breasts within a thousand feet of any county highway in California? ? Spherical fishbowls have been banned in Rome since 2004? There are hundreds of bizarre laws that we could be breaking at any moment. What exactly are we doing that we shouldn't be doing, and what happens if we get caught? In this engaging and insightful collection, Nathan Belofsky takes us on a journey of eclectic, unexpected, and bizarre laws from around the world. Written by a practicing lawyer with an eye for his profession's most unusual quirks, *The Book of Strange and Curious Legal Oddities* offers a delightful look at the legal system's peculiarities through the ages. From laws that crack down on how we eat, look, and have sex, to real legal battles involving litigious chimpanzees, you'll start wondering whether you're really the law-abiding citizen you claim to be. Sadly neglected today, Frank Baker (1908-1983) was an intriguing and highly original

author of fantasy and horror fiction, best known for his post-apocalyptic novel of an avian attack, *The Birds* (1936), which may have been an influence on Hitchcock's film, and *Miss Hargreaves* (1940), a classic in which two young men invent a story about an unusual old woman only to discover that they have actually brought her to life. First published in 1983 and long unavailable, *Stories of the Strange and Sinister* collects ten of Baker's short stories and displays the versatility of his work. Included are wonderfully macabre tales like 'The Chocolate Box', in which a discarded box found on a Cornish moor contains a gruesome surprise, and 'In the Steam Room', where a man enjoying a sauna believes he glimpses a horrible event through the steam, as well as more subtle tales of the fantastic like 'My Lady Sweet, Arise', in which a woman's compulsion to sing ends with strange consequences, and 'Quintin Claribel', the story of a rude young man who must - quite literally - eat his words. This first-ever republication includes a new introduction by R. B. Russell. Frank Baker's *The Birds*

is also available from Valancourt. What lurks beneath the waves, and onboard the most mysterious of ships? Get ready to experience the lore and lure of the sea with these myths, legends and true stories. Centuries-old folklore and tales of haunted vessels. Sea monsters and ghosts. Cannibalism at sea, and mysterious disappearances. Included are also tales of sailors ashore, and the prostitutes and crimps that preyed on them. Find out what happened to stowaways, how they were treated, and about the myth that women were not welcome on ships. Welcome to *Strange Tales of the Sea*. Lemony Snicket meets Oscar Wilde meets Edgar Allan Poe in this exciting and scary middle-grade novel inspired by *The Picture of Dorian Gray* -- a family curse is unleashed! Bryony Gray is becoming famous as a painter in London art circles. But life isn't so grand. Her uncle keeps her locked in the attic, forcing her to paint for his rich clients . . . and now her paintings are taking on a life of their own, and customers are going missing under mysterious circumstances. When her newest painting

escapes the canvas and rampages through the streets of London, Bryony digs into her family history, discovering some rather scandalous secrets her uncle has been keeping, including a deadly curse she's inherited from her missing father. Bryony has accidentally unleashed the Gray family curse, and it's spreading fast. With a little help from the strange-but-beautiful girl next door and her paranoid brother, Bryony sets out to break the curse, dodging bloodthirsty paintings, angry mobs and her wicked uncle along the way. Meet the world's greatest heroes, as drawn by the world's greatest creators An introduction to Doctor Strange for the youngest superfans--featuring art by legendary artist Steve Ditko! Power into action with Stephen Strange, the Sorcerer Supreme and Earth's best line of defense against mystical threats! Learn all about his abilities, skills, and friends in this bright and bold board book, with art from the classic comics. and now there are two of her. An instant New York Times bestseller and Michael L. Printz honor book! Eleven best of lists including an NPR Best Book, a Goodreads Best YA Fantasy and Science Fiction Nominee, and more! From National Book Award finalist Laini Taylor comes an epic fantasy about a mythic lost city and its dark past. The dream chooses the dreamer, not the other way around--and Lazlo Strange, war orphan and junior librarian, has always feared that his dream chose poorly. Since he was five years old, he's been obsessed with the mythic lost city of Weep, but it would take someone bolder than he to cross half the world in search of it. Then a stunning

opportunity presents itself, in the form of a hero called the Godslayer and a band of legendary warriors, and he has to seize his chance or lose his dream forever. What happened in Weep two hundred years ago to cut it off from the rest of the world? And who is the blue-skinned goddess who appears in Lazlo's dreams? In this sweeping and breathtaking novel by National Book Award finalist Laini Taylor, author of the New York Times bestselling *Daughter of Smoke & Bone* trilogy, the shadow of the past is as real as the ghosts who haunt the citadel of murdered gods. Fall into a mythical world of dread and wonder, moths and nightmares, love and carnage. The answers await in *Weep*. The love story of a Scottish naturalist and a Canadian Indian girl, in the bleak James Bay country, and how their destinies are linked with that of the strange barnacle goose from the Hebrides. *The Geek's Guide to the Strange & Unusual* is meant for those who have a sense of adventure and are looking for answers to some of the greatest mysteries confronting mankind. This book, which explores many of the most

intriguing paranormal cases and haunted locations around the world, is written to inform and entertain you. Cases and sites examined within the book include the Demon Drummer of Tedworth, Lucedio Abbey, the Dagg Poltergeist, the Ontario Terror, three cases of possession, LaLaurie Mansion, Goldfield Hotel, and Bachelor's Grove Cemetery, among many other cases and locations. Perfect for fans new and old, this collection of Gravity Falls stories shares Dipper and Mabel's recollections of the adventures they shared visiting their Uncle Stan's Mystery Shack. The Gravity Falls twist? Each retelling is accompanied by a short "Grunkle Stan version of the same story written from his gruff, humorous perspective. Readers have the choice of reading the Dipper and Mabel version, the Grunkle Stan version. Designed to parody a classic bedtime storybook, fans will love the playful twist on bedtime storytelling delivered by Dipper and Mabel. Once upon a time, in the heart of the kingdom of Fairy Tales, a king and a queen had the strangest of children: Spooky! The traditional-fairy

tale tropes turn topsy-turvy in this lavishly illustrated storybook as Spooky explores her dark, enchanted world. And when her uncles the Three Little Pigs offer a trip to their London hotel, Spooky trades one improbable setting for another! *Monster Inn* shines a charming, childish light on contemporary goth culture for a rich and unique story that's like nothing you've seen before. A vivid, brilliant, darkly humorous and horrifying history of some of the strangest dictators that Europe has ever seen. 'A witty and page-turning narrative full of grotesque characters' *Misha Glenny* 'Will leave you astonished, exhausted and curious... An unapologetic page turner' *Spectator* 'Essential reading for anyone interested in Romania past and present' *John Simpson* 'An engaging introduction to the rich history [of Romania]' *New Statesman* *Balanced precariously on the shifting fault line between East and West, Romania's past is one of the great untold stories of modern Europe. The country that gave us Vlad Dracula, and whose citizens consider themselves descendants of ancient*

Rome, has traditionally preferred the status of enigmatic outsider. But it has experienced some of the most disastrous leaderships of the last century. After a relatively benign period led by a dutiful King and his vivacious British-born Queen, the country oscillated wildly. Its interwar rulers form a gallery of bizarre characters: the corrupt and mentally unbalanced King Carol; the fascist death cult led by Corneliu Codreanu; the vain General Ion Antonescu. After 1945 power was handed to Romania's tiny communist party, under which it experienced severe repression, purges and collectivisation. Then in 1965, Nicolae Ceau?escu came to power. And thus began the strangest dictatorship of all. "Stories of the Strange and Bizarre" began as an interesting photo shared to social media. Small talk and joking spawned an idea. "Sounds like the begins of a horror story." "Is that a kid?" he asks himself. With a slow caution, he walks closer until he is as close as possible without leaving the sidewalk. "Andy stares at the lifeless body, absorbing every detail." As the

creative juices flowed, the ideas turned into several stories and then this book. COVID 19 gave Tim plenty of time to write. Some of these stories had been in the outline stage for many, many years. Now, they are out! Within these eight stories are twists, turns, fun, and thought-provoking material. Take an adventure through Tim's mind! In the Hugo-award winning, epic New York Times Bestseller and basis for the BBC miniseries, two men change England's history when they bring magic back into the world. In the midst of the Napoleonic Wars in 1806, most people believe magic to have long since disappeared from England - until the reclusive Mr. Norrell reveals his powers and becomes an overnight celebrity. Another practicing magician then emerges: the young and daring Jonathan Strange. He becomes Norrell's pupil, and the two join forces in the war against France. But Strange is increasingly drawn to the wild, most perilous forms of magic, and he soon risks sacrificing his partnership with Norrell and everything else he holds dear. Susanna Clarke's brilliant first novel is

an utterly compelling epic tale of nineteenth-century England and the two magicians who, first as teacher and pupil and then as rivals, emerge to change its history. Meet Doctor Strange, the Marvel superhero who protects the earth from wicked wizards and monsters with the power of magic! Boys and girls ages 2 to 5 will love this action-packed Little Golden Book featuring some of their favorite Marvel superheroes and villains. Adeline was not sleeping. She had her eyes closed and she was thinking about the following day. "How boring, how tiring this party would be", she contemplated. Suddenly, she heard the bedroom door opening slowly. She opened her eyes wondering whether Annette, her maid, forgot something. But no, it wasn't her. A weird old lady with a big hunch on her back was standing in front of her. She was staring at her with her dark, ratty eyes. "Come with me", she told her with a deep, decisive voice. She looked at her for a few minutes and then turned her back, asking her once again to follow her. Without a second thought, Adeline got up and followed the old woman barefoot, as if

she was hypnotised. A 2015 William C. Morris YA Debut Award Finalist Magical realism, lyrical prose, and the pain and passion of human love haunt this hypnotic generational saga. Foolish love appears to be the Roux family birthright, an ominous forecast for its most recent progeny, Ava Lavender. Ava – in all other ways a normal girl – is born with the wings of a bird. In a quest to understand her peculiar disposition and a growing desire to fit in with her peers, sixteen-year old Ava ventures into the wider world, ill-prepared for what she might discover and naive to the twisted motives of others. Others like the pious Nathaniel Sorrows, who mistakes Ava for an angel and whose obsession with her grows until the night of the summer solstice celebration. That night, the skies open up, rain and feathers fill the air, and Ava's quest and her family's saga build to a devastating crescendo. First-time author Leslye Walton has constructed a layered and unforgettable mythology of what it means to be born with hearts that are tragically, exquisitely human. That's in

the Bible?! From talking donkeys to women turning into salt, the Bible is filled with weird and wacky stuff. This big book of lists highlights the strange details and pairs them with cool and quirky illustrations. Flip through a few at a time or sit down and read the whole book: inside, you'll find collections of lesser-known stories, sayings, creatures, and more. (You may even stumble across something you've never heard of!) The *Totally True Book of Strange and Surprising Bible Lists* invites kids to get curious about the Bible and engage with it in a whole new way. **SOON TO BE A MAJOR BBC SEVEN-PART TV SERIES** An immersive in-world guide to all things magical in the Marvel Universe One of the most formidable and powerful items in the Marvel Universe, the sacred Book of the Vishanti contains an infinite number of potent spells, incantations, and lore from fantastic realms. Created thousands of years ago in the ancient city of Babylon to combat demons and those who wield dark magic, this tome has been passed down by the greatest sorcerers of the ages, each

adding their own discoveries into its ever-expanding pages. Now in the possession of Doctor Strange, the Sorcerer Supreme and Earth's foremost protector against mystical threats, the Book of the Vishanti acts as his first line of defense. The greatest source of magical knowledge in our dimension, the Book of the Vishanti is the ultimate collection of spells, history, and personal accounts recorded by practitioners over centuries, including notes from Doctor Strange himself. Featuring detailed inscriptions, mind-bending illustrations, and everything you need to know about the heroes, villains, artifacts, creatures, and worlds that make up the mystical and supernatural side of the Multiverse, this book is a must-have for all Marvel fans. Emily shows how she sees the world and how deceptive sight can be, in this book of illusions and surprises. "Damasio undertakes nothing less than a reconstruction of the natural history of the universe. . . . [A] brave and honest book." —The New York Times Book Review The Strange Order of Things is a pathbreaking investigation into

homeostasis, the condition that regulates human physiology within the range that makes possible not only survival but also the flourishing of life. Antonio Damasio makes clear that we descend biologically, psychologically, and even socially from a long lineage that begins with single living cells; that our minds and cultures are linked by an invisible thread to the ways and means of ancient unicellular existence and other primitive life-forms; and that inherent in our very chemistry is a powerful force, a striving toward life maintenance that governs life in all its guises, including the development of genes that help regulate and transmit life. *The Strange Order of Things* is a landmark reflection that spans the biological and social sciences, offering a new way of understanding the origins of life, feeling, and culture.

[www.antoniodamasio.com](http://www.antoniodamasio.com) Meet Emily, the 13-year-old with a wit of fire and a posse of slightly sinister black cats. Famous for her barbed commentary and independent spirit, this diminutive black, white and red character has spawned an internet and

*merchandising phenomenon.*

[crookedfiguredances.ca](http://crookedfiguredances.ca)
