She's fought like hell to leave the past behind. Trix changed her name and her life when she got clean four years ago. Now, she has a new family and a job she loves—tending bar and dancing at the Broken Circle. As an O'Kane, she's happy, untouchable. Until a nightmare from her old life tears her away from her home and drags her back to Hell—also known as Sector Five. He's still living—and dying—in it. Losing Trix was the kick in the head Finn needed to get sober, but working as an enforcer for a man he hates is slowly crushing his soul. The only thing that keeps him going is his determination to destroy Sector Five from the inside. Then Trix

comes back into his life—alive, in danger—and nothing else matters. Getting her home could be a suicide mission. The only thing deadlier is the old spark that flares to life between them. Soon, Finn and Trix are battling the one addiction neither of them ever managed to kick—each other. And it could cost them everything. Caution: these stories are not meant to stand alone. The Beyond Happily Ever After stories are vignettes and outtakes showing the O'Kanes in their daily lives, in between the adventures and often after their happy endings. These stories were written exclusively for readers and fans of the series, and will probably not make very much sense to anyone not familiar with the characters. This collection includes thirteen stories originally voted on by members of our Patreon. Each is only 1000-2500 words long and features a slice of life for characters in and around the Sectors. * Creative Incentives (Cruz, Ace & Rachel)* Cravings (Noelle & Jasper)* Dessert (Hawk & Jeni)* Ravished (Finn & Trix)* 6th Sense (Ashwin & Kora)* Efficient (Mia & Ford)* Memorial (Noah & Emma)* Fierce Protector (Hawk, Jeni & Finn)* A Little Bad (Tatiana & Zan)* Makhai (Samson)* Flash (Flash, Amira & Hana)* Diplomacy (Gideon & Six)* ZOMBIES!!! (Laurel & Zeke) For years, Jared has existed on the fringes of both Eden society and Dallas O'Kane's Sector Four gang. He travels between these worlds, protected by his money and power--money he earned selling his body, and power that comes from knowing secrets. He's untouchable—until he starts a new life gathering intelligence for the O'Kanes. Lili Fleming walked out of Sector Five with a gun, the bloodstained clothes on her back, and an icy determination to survive. She finds herself in a world where people live hard and love harder, and nothing's more terrifying than how much the

O'Kanes wake her up, make her feel—especially Jared. Emotion is a risk he can't afford, and a complication she doesn't need. But neither can resist the lust simmering between them, and the sparks that could either melt the ice around both their hearts...or get them killed. Because the only thing more dangerous than loving an O'Kane is loving a spy. She's been looking for the perfect man. She found two. When Rachel Riley sacrificed a life in Eden to protect the O'Kanes, she earned her place in the powerful Sector Four gang. But the former crime princess is tired of being everyone's sweet little sister . It's time for her to get wild, to embrace her fantasies as only an O'Kane can—with a delicious exiled soldier and the gang's wickedly sinful tattoo artist. A saint... Lorenzo Cruz is a warrior, taught by his commanding officers in Eden that involvement equals distraction. Emotion is a liability, and desire a sin. In Sector Four, he finds decadence, shameless sex—and his own dark urges. No battle strategy prepared him for how Rachel makes his heart race...or the way his rival for her affections sets his blood on fire. ...and a sinner. Ace Santana has a dirty reputation and a mind to match, especially where his new lovers are concerned. He's eager to help Cruz embrace his dominant side, and to explore the lines between pleasure and pain with Rachel. But corrupting them quickly becomes an obsession, a need he can't deny—and a love he never imagined. Three hearts on the line means a hundred ways their ménage a trois could go wrong. After all, even O'Kanes do forever two-by-two. One of them could be the missing piece that makes them all whole...or a temporary diversion destined for a broken heart. Tatiana Stone has worked hard to establish herself as one of Sector Four's most skilled crafters. All she wants is peace--but the sins of her father haunt her. He ruled the sector as a petty tyrant before the

O'Kane takeover, and plenty of people harbor bitter memories of his cruelty. Especially now that Tatiana's beloved baby sister has fallen in with a man who wants to start a revolution. Zan failed his boss once, and it won't happen again. So when Dallas O'Kane asks him to defuse the rebellion brewing in the sector, he'll do whatever it takes to get the job done--including seduce Tatiana. It's the perfect opportunity to get closer to the pretty crafter and complete his mission. But what he discovers is a fiery, passionate woman--and an affair that could destroy them both. This BREN & SIX novella contains massive spoilers for the Beyond series. It is meant for existing fans of the series who want to get a glimpse of what life looks like for their favorite characters after The End. It may be confusing and unsatisfying for readers not familiar with the world and characters. If you haven't read the series, please proceed with caution... O'Kane for Life... Winning a war might be enough for most people, but Bren and Six aren't interested in kicking back to enjoy peace. Not when they finally have the time—and resources—to protect the people in the sector they now rule. Especially the orphaned street kids. Six remembers how hard it is to trust when your whole life has been a struggle to survive. Bren remembers how hard it is to be patient. Together, they have the skills and the power to make a better world than the one they grew up in—but only if they can be honest with each other about the future they want. Not just for Sector Three, but for themselves. Mia risked everything to walk away from a gilded cage in Sector Two, but grasping at freedom was only her first trial. With no protection in the sectors, every day is a struggle to stay alive. Her best hope now is a job working for the most dangerous gang in Sector Four--the O'Kanes. When a motorcycle accident leaves Derek Ford riding a

desk at the O'Kane compound, the last thing he needs is a sexy new assistant upending his office and his life. Especially someone like Mia, who greets his growls and commands with smiles and a fierce independence. The friction between them generates an undeniable heat, and Mia's stubborn refusal to let life beat her down stirs Ford's darkest protective instincts. He has the power to take care of her, protect her not only from discomfort but from threats of her past...but first he'd have to claim her. And Mia will never be kept again. Jordan Belfort—immortalized by Leonardo DiCaprio in the hit movie *The Wolf of Wall Street*—reveals the step-by-step sales and persuasion system proven to turn anyone into a sales-closing, money-earning rock star. For the first time ever, Jordan Belfort opens his playbook and gives you access to his exclusive step-by-step system—the same system he used to create massive wealth for himself, his clients, and his sales teams. Until now this revolutionary program was only available through Jordan's \$1,997 online training. Now, in *Way of the Wolf*, Belfort is ready to unleash the power of persuasion to a whole new generation, revealing how anyone can bounce back from devastating setbacks, master the art of persuasion, and build wealth. Every technique, every strategy, and every tip has been tested and proven to work in real-life situations. Written in his own inimitable voice, *Way of the Wolf* cracks the code on how to persuade anyone to do anything, and coaches readers—regardless of age, education, or skill level—to be a master sales person, negotiator, closer, entrepreneur, or speaker. Hacker Noah Lennox lives in the shadows, fighting a one-man war against the corrupt leader of Sector Five. The only weak spot in his armor is his best friend's sweet younger sister--the girl he swore to save, even from himself. With her brother dead and a target on

their backs, getting her out of the sector--and out of danger--meant giving her up for good. Or so he thought. Emma Cibulski has made her own home in Sector Four, as a full member of the O'Kane gang and apprentice to their infamous tattoo artist. When Noah--the first man she ever loved--stumbles back into her life, it's her chance to have it all. The spark between them burns hotter than ever, and this time her fantasies are far from innocent. But can they handle the heat...or will Noah's dark secrets drive them apart forever? Wilder Harding is a bloodhound, created by the Guild to hunt down and kill vampires on America's frontier. His enhanced abilities come with a high price: when the moon is full, he shifts into a creature capable of savagery beyond telling, while the new moon brings a sexual hunger that borders on madness. Rescuing a weapons inventor from undead kidnappers is just another assignment, though one with an added complication--keeping his hands off the man's pretty young apprentice, who insists on tagging along. At odds with polite society, Satira's only constant has been the aging inventor who treats her like a daughter. She can't trust Wilder with her mentor's life, not when the Guild might decide the old man isn't worth saving. Besides, if there's one thing she's learned, it's that brains are more important than brawn. As the search stretches on, Wilder finds himself fighting against time. If Satira is still at his side when the new moon comes, nothing will stop him from claiming her as his mate. And if their passion unlocks the beast inside, no one will be safe. Not even the man they're fighting to save. When the Quint Confederacy and the Kos Empire went to war--again--Queen Samara wisely kept her Rogue Coalition out of the conflict. But staying neutral in a galactic war doesn't pay the bills, not when both sides refuse to trade with neutral sectors.. With her people on the brink of starvation,

Samara hatches a daring plan to snatch the kidnapped Kos Emperor from the Quint mercenaries holding him. The Kos Empire will pay a fortune for their emperor's return, enough to feed the Coalition's citizens while they wait for the return to a begrudging peace. But when her plan goes sideways, Samara finds herself evading Quint mercenaries with the very man she intends to capture. And the more time she spends with Valentin Kos, the more she realizes that he's not the coldly indifferent villain she imagined. Torn between duty and desire, Samara must decide if saving her people is worth giving up the one thing she's always wanted. ever wanted was a life beyond--beyond her stifling role as a prim and proper councilman's daughter, and beyond the walls of the patriarchal city of Eden, the only remnants of safety in a world destroyed by solar storms decades earlier. But when she's banished for violating the prohibition against immorality, she's unprepared for the lawless world outside the city's walls. The sectors surrounding Eden house those abandoned to fend for themselves--men like Jasper McCray, bootlegger and cage fighter. Jas clawed his way up from nothing to stand at the right hand of Sector Four's ruthless leader, and he'll defend the O'Kane gang with his life. But fighting hasn't prepared him for dealing with a sheltered City princess who falls at his feet. Her innocence is undeniable, but so is her intense sexual curiosity. Soon they're exploring every dark fantasy she's ever been ashamed to have. But if Noelle wants to claim her place with the O'Kanes and at Jas's side, she'll have to find the courage to embrace something even more terrifying than her own desires. Her own power. When Queen Samara Rani fulfills the promise she made to Emperor Valentin Kos to visit his court and meet with his advisors, she knows they won't welcome her with open arms, especially when she's been tasked with discovering the traitors within their ranks—traitors she tricked out of five million credits. As soon as Samara begins her investigation it becomes clear that Valentin's advisors want her gone and they aren't picky about how. After their tactics turn violent, Samara and Valentin race to unravel the web of treachery and lies before the next attack ends in tragedy. When the conflict escalates in ferocity and rumors start blaming Samara, she is forced to continue her hunt alone. Uncovering traitors is difficult when courtiers learn to lie before they learn to walk, and one misstep could cost her life. However, Rogue Queens aren't easy to kill and Samara has more than a few tricks of her own. From beloved author Molly Harper comes the first novel in the contemporary romance series, Southern Eclectic, about a big-city party planner who finds true love in a small Georgia town. Nestled on the shore of Lake Sackett, Georgia is the McCready Family Funeral Home and Bait Shop. (What, you have a problem with one-stop shopping?) Two McCready brothers started two separate businesses in the same building back in 1928, and now it's become one big family affair. And true to form in small Southern towns, family business becomes everybody's business. Margot Cary has spent her life immersed in everything Lake Sackett is not. As an elite event planner, Margot's rubbed elbows with the cream of Chicago

society, and made elegance and glamour her business. She's riding high until one event goes tragically, spectacularly wrong. Now she's blackballed by the gala set and in dire need of a fresh start—and apparently the McCreadys are in need of an event planner with a tarnished reputation. As Margot finds her footing in a town where everybody knows not only your name, but what you had for dinner last Saturday night and what you'll wear to church on Sunday morning, she grudgingly has to admit that there are some things Lake Sackett does better than Chicago—including the dating prospects. Elementary school principal Kyle Archer is a fellow fish-out-of-water who volunteers to show Margot the picture-postcard side of Southern living. The two of them hit it off, but not everybody is happy to see an outsider snapping up one of the town's most eligible gentleman. Will Margot reel in her handsome fish, or will she have to release her latest catch?

From the first moment he saw her, he's been obsessed with making her his. Not for a night—forever. Jeni's been lusting after the former smuggler for months, but he keeps shutting her down. She's almost given up on getting him in her bed when he offers her the last thing she ever expected—a collar. Accepting it means belonging to him, body and soul. It's a reckless gamble, but Jeni can't resist the chance to slip under Hawk's armor. The only thing more shocking than the dark, dangerous pleasure they discover is how right it feels. But falling in love is even more reckless when forever is far from guaranteed. Because they aren't just at war, they're out of time—and every breath could be their last. A dangerous world of sex, lust and violence... All Noelle Cunningham has ever wanted is a life beyond—beyond the walls of Eden, where only the righteous are allowed to remain, and beyond her stiflingly restrictive existence as a councilman's daughter. But only ruins lie outside the City, remnants of a society destroyed by solar storms decades earlier. Praise for Book #1 in Gideon's Riders "There's a lot riding on Ashwin, a lot expected of the first novel in a new series by a popular author that makes it a tricky, tight rope to walk. Kit Rocha deftly skips down that line with skill, respect, crushing emotions, and breath-taking imagination." — Heroes & Heartbreakers "Ashwin gives readers a seemingly impossible romance while continuing to

entice readers to join them in this new world that celebrates love, laughter, and life.” — Smexybooks “For me this first book in the new series was just as consuming and addicting as its predecessors. I’m so ready for what comes next. Deacon? Deacon and Ana? Yes, please. Gimme.” — FictionVixen

so much money on the line, Torran and his crew insist on joining the hunt. Tavi reluctantly agrees because while the handsome, stoic leader pushes all of her buttons—for both anger and desire—she’s endured worse, and the massive bonus payment he’s promised for a completed job is reason enough to shut up and deal. But when they uncover a deeper plot that threatens the delicate peace between humans and Valoffs, Tavi suspects that Torran has been using her as the impetus for a new war. With the fate of her crew balanced on a knife’s edge, Tavi must decide where her loyalties lie—with the quiet Valoff who’s been lying to her, or with the human leaders who left her squad to die on the battlefield.
