instituted the church for His  
people to have a place to  
gather and worship together.  
The church also serves as a  
spiritual hospital. No matter  
who you are, you know you can  
always go to your Heavenly  
Father for help. As we already  
know, God is in the business of

delivering His children. It is not His will that we live life bound, shackled, broken, and confused. But the enemy has dispatched his evil spirits to keep us drowning in bad habits and feelings of hopelessness. BUT GOD! Like the masterful surgeon He is, God knows what to take out and what to leave intact. He can see the infected areas of our flesh that keep us from His perfect will. But there is no magic wand. Deliverance is a process. There are steps we must take to obtain and maintain our deliverance. The process of deliverance is directly linked to our obedience to God's word. We are in the fight of our lives and cannot afford to throw in the towel of disobedience. If you're ready to fight the good fight of faith, roll up your spiritual sleeves and let's go to work! percent of the Editor functions will work the same. The sections on the Organizer only apply to Windows because the Mac version has no Organizer. The comedic duo behind The Government Manual for New Superheroes is back, and this time they've brought their magic wands and enchanted artifacts. The Government Manual for New Wizards is a hilarious, mock-official handbook for wannabe witches and warlocks who need advice on recognizing the onset of wizardolence, understanding the laws of magic (and the magic of laws), choosing (or being chosen by) the right magical items and enchanted artifacts, dealing with the dead (grateful and otherwise), successfully hosting magical exhibitions, and the proper care and feeding of magical creatures. Wands, charms, cloaks of

invisibility, shoes of stealth (or sneakers), and other otherworldly accoutrements--it's all here, discussed tongue-in-cheek but with the utmost Governmental authority. This entertaining guide offers such sage advice as: \* A demon is just as afraid of you as you are of it--provided, of course, that you are eight feet tall, composed of living fire, and capable of destroying a small village with a single angry thought. Otherwise, it doesn't find you frightening at all. \* When selecting educational programs, do not be tempted by solicitations from wizardry parchment mills. A so-called degree from such a place is not worth the scroll on which it appears to be inscribed. The ink will disappear not long after the school itself does. The Government Manual for New Wizards is a sidesplitting spoof of all things wizard-y. With the proven formula that EMOTIONS ARE THE POWER BEHIND our thoughts and actions, comes on the heels of the highly recognized self-help DVD titled The Secret by

Rhonda Byrne that proclaims thoughts are our power, as opposed to the emphasis being on that of emotions. The Secret along with many other notable self-help books are helping a lot of people and yet, according to Neil Fiore, PhD, a Berkeley, Calif.-based psychologist "It can cause people greater stress by worrying if they're causing cancer by having the wrong thoughts and emotions." Karen LaVoie, author of Life ABSOLUTES agrees with the aforementioned statement. This is one of the factors that sets her book apart from other self-help books. Life ABSOLUTES gives the complete formula for life to everyone willing to apply it, and live it life long commitment. What this book offers is not a quick fix solution or sweep your emotions, thoughts or troubles under the carpet and pretend they do not exist. Instead, it gives the reader the ability to powerfully and quickly acknowledge them, gain greater wisdom from every life situation, by finding the positive in the situation while turning it into an

opportunity for mastery. This program is about accountability and taking charge once and for all how one chooses to react to persons, places, situations, things and opportunities, eventually removing them permanently from their life. The corner stone to Life ABSOLUTES is the understanding that a persons emotions are 4 times more powerful than their thoughts. So once a person starts acknowledging his or her emotions and gaining mastery over them, his or her thoughts and actions follow in suit. When a persons emotions are positive, the thoughts and actions are the same. Thus, creating, manifesting and or attracting a positive outcome. Everyone is accountable for their choicestheir emotions, thoughts and actions. And our choices start with our emotions. NOT our thoughts. The quote so overly used for many years has been, As a man thinketh, so is he. The quote actually reads as follows, As a man thinketh in his heart, so is he depending on the bible you

use as your source. The valuable word heart was used to provide this useful truth. Our emotions are our power. Life ABSOLUTES, clearly, precisely and simply gives examples and drawings explaining the Law of Attraction Like Attracts Like. So the reader understands their accountability to life in a guilt free way and yet, is still accountable to all life. Be Selfless. NOT the gratification of the quick fix, the EGOMe, ME, ME. All life. We are all of one energy. The Law of Life is put forth in great detail in this book: Energy qualified with emotions (through our attention: sight, touch, smell, taste and hearing) triggers thoughts, which triggers actions, which equals an outcome, is one a person must apply, live and BE should they want positive results outpictured in their life. The law of attraction is not about one just sitting and visualizing money and money falls out of the sky, one must be in service to life. However, visualization is very important. There is an

entire chapter dedicated to this truth. Life ABSOLUTES is a perfect blend of quantum physics in action and spiritual awareness that we are not an island. Whether you believe in God, higher beings or the big bang theory, this book is for you. It is masterfully balanced. Truthful. Honest and fluff-free. While being practical, conversational, inspiring and evoking a few laughs. This book covers mastery of: personal self, professional self, taking charge of ones well-being while creating more successes whether they be emotional or tangible. Whether they be financial, personal, professional or spiritual. This instruction manual for life works for anyone and everyone seeking a more joyful, harmonious, abundant, stress free and blessed life. About the Author.
