SURPLUS RECORD, is the leading independent business directory of new and used capital equipment, machine tools, machinery, and industrial equipment, listing over 95,000 industrial assets; including metalworking and fabricating machine tools, chemical and process equipment, cranes, air compressors, pumps, motors, circuit breakers, generators, transformers, turbines, and more. Over 1,100 businesses list with the SURPLUS RECORD. September 2022 issue. Vol. 99, No. 9 "Current welding literature" included in each volume. If you have contractors in your store looking for quick, reliable square foot costs based on the type of building and what it's made of, steer them to the National Building Cost Manual. It's probably the easiest-to-use estimating reference published today. It covers square foot costs for building types from homes to commercial, military and agricultural buildings. This 1998 edition is now available! Material prices and manhours for estimating new construction costs. **Molecular Microbiology Laboratory**, Second edition, is designed to teach essential principles and techniques of molecular biology and microbial ecology to upper-level undergraduates majoring in the life sciences and to develop students' scientific writing skills. A detailed lab preparation manual for instructors and teaching assistants accompanies the lab book and contains a general discussion of scientific writing and critical reading as well as detailed instructions for preparation and peer review of lab reports. Each experimental unit is accompanied by a number of additional writing exercises based upon primary journal articles. Exposes students to the new molecular-based techniques Provides faculty with an authoritative, accessible resource for teaching protocols The only manual to incorporate writing exercises, presentation skills and tools for reading primary literature into the curriculum Based on a successful course for which the author won a teaching award New to this Edition: - Presents a real-world study of bacterial populations in the environment in the final experiment - Provides an overview of molecular biology in a new review chapter - Demonstrates how to design an experiment and how to interpret the results - Covers grant proposal writing and how panels review proposals - Presents guidance on public speaking and preparing PowerPoint presentations - Includes tutorials on three widely used software packages SURPLUS RECORD, is the leading independent business directory of new and used capital equipment, machine tools, machinery, and industrial equipment, listing over 95,000 industrial assets; including metalworking and fabricating machine tools, chemical and process equipment, cranes, air compressors, pumps, motors, circuit breakers, generators, transformers, turbines, and more. Over 1,100 businesses list with the SURPLUS RECORD. January 2022 issue. Vol. 99, No. 1 Over 30,000 Construction Costs on Every Area of Construction! The National Construction Estimator is our most popular book for pricing construction, and has been for years. It has proven to be the industry standard for construction costs. Here's why: Material Costs: You'll find the current cost of every commonly-used construction material and

thousands of specialties...based on typical selling prices of building material dealers. Labor Costs: Typical costs to the contractor (including taxes and insurance) to install each of the thousands of materials listed...along with typical manhours per unit. Wage modifications are listed for nearly every city plus most Canadian provinces. Wage breakdowns by trade are listed for 24 construction trades. Subcontract Costs: Bid prices most frequently quoted by specialty contractors...including the sub's overhead and profit. FREE CD-ROM: Includes an electronic version of the book with a stand-alone estimating program & tutorial and price updates SURPLUS RECORD, is the leading independent business directory of new and used capital equipment, machine tools, machinery, and industrial equipment, listing over 95,000 industrial assets; including metalworking and fabricating machine tools, chemical and process equipment, cranes, air compressors, pumps, motors, circuit breakers, generators, transformers, turbines, and more. Over 1,100 businesses list with the SURPLUS RECORD. June 2022 issue. Vol. 99, No. 6 The complete guide to building technology This comprehensive guide provides complete coverage of every aspect of the building technologist's profession. It details design and installation procedures, describes all relevant equipment and hardware, and illustrates the preparation of working drawings and construction details that meet project specifications, code requirements, and industry standards. The author establishes procedures for professional field inspections and equipment operations tests, provides real-world examples from both residential and nonresidential construction projects, and makes specific references to code compliance throughout the text. This new edition incorporates changes in building codes, advances in materials and design techniques, and the emergence of computer-aided design (CAD), while retaining the logical structure and helpful special features of the first edition. More than 1,100 drawings, tables, and photographs complement and illustrate discussions in the text. Topics covered include: * Heating, ventilating, and air conditioning systems- equipment and design * Plumbing systems- equipment and design * Electrical and lighting systems- equipment and design * Testing, adjusting, and balancing procedures for all building systems * Every aspect of the building technologist's profession, from the creation of working drawings through on-site supervision and systems maintenance Extensive appendices include conversion factors; duct design data; test report forms for use in field work; design forms and schedules for electrical, HVAC, and plumbing work; and more. SURPLUS RECORD, is the leading independent business directory of new and used capital equipment, machine tools, machinery, and industrial equipment, listing over 110,000 industrial assets; including metalworking and fabricating machine tools, chemical and process equipment, cranes, air compressors, pumps, motors, circuit breakers, generators, transformers, turbines, and more. Over 1,100 businesses list with the SURPLUS RECORD. March 2022 issue. Vol. 100, No. 1 PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.
