This comprehensive guide to mythic story elements goes beyond the Hero's Journey into characters, weather, landscape and everything in between. When it comes to Hollywood, Christians too quickly wash their hands of popular culture and leave this immensely influential media to unbelievers. In truth, the industry is listening. There is a church in Hollywood, but too often their work is unrecognized. Behind the Screen offers a glimpse of Hollywood insiders who, through their jobs on movie sets, behind TV shows, and in radio broadcasts, work together to give glory to God. With contributions from the writers and producers of such productions as Joan of Arcadia, Mission Impossible, Batman Forever, That '70s Show, and others, believers everywhere are encouraged to join with the church in Hollywood and do their part in closing the gap between Christianity and culture. In this classic bestselling screenwriting guide—now revised and updated—author and film consultant Viki King helps screenwriters go from blank page to completed manuscript through a series of clever and simple questions, ingenious writing exercises, and easy, effective new skills. Once you know what to write, the Inner Movie Method will show you how to write it. This ultimate scriptwriting survival guide also addresses common issues such as: how to pay the rent while paying your dues, what to say to your

partner when you can't come to bed, and how to keep going when you think you can't. This second edition of the widely acclaimed Film Scriptwriting is a truly practical manual for the working writer. It provides all the clear, step-by-step guidance you need to script both fact and feature film and video - from getting and developing ideas to the writing of master scene or shooting script. Featured in this new edition are annotated

excerpts from some of today's most successful films, selected to point up principles and techniques discussed. Interviews with working film specialists reveal the things professional directors, producers, story editor, and analysts look for in appraising the scripts that come across their desks. Unlike the chitchat of everyday life, dialogue in stories must express character, advance the story, suggest a theme, and include a few memorable lines that audiences will be quoting for decades to come. The best stories have dialogue that sparkles, but it's easy for inexperienced writers to fall into common pitfalls like creating dialogue that's wooden or too on the nose. Other writers end up with exposition awkwardly inserted into conversations, actors tripping over unnatural phrases, or characters who all speak exactly the same way. In You Talkin' to Me?, Linda Seger and John Winston Rainey are here to help with all your dialogue problems. In each chapter, they explore dialogue from a different angle and discuss examples of great dialogue from films and novels. To cap it all off, each chapter ends with examples of poor dialogue, which are annotated by Linda and then rewritten by John, so readers don't just learn how to recognize when it's done well—they also learn how to make dialogue better. Whether you're writing fiction or nonfiction, for the screen or for the page, this book will get your characters talking. God's Part in Our Art explores creativity and spirituality from the perspective of a practicing artist who is also a theologian. Blueprint for Screenwriting demystifies the writing process by developing a "blueprint" for writers to follow for each new screenplay—from original concept to completed script. Author and international script consultant Dr. Rachel Ballon explores the writing craft and emphasizes creativity in the writing process. She blends her expertise in script analysis and writing coaching with her personal experience as a screenwriter to help writers construct their stories and characters. Starting with the story's framework, Dr. Ballon helps readers to understand the key "building blocks" of story structure and character development, including characters' emotional and psychological states, story conflicts, and scene and act structure. She also covers the essential components in the script writing process, such as outlines, script treatments, synopses, and formats. "We need good screenwriters who understand character." Everywhere Andrew Horton traveled in researching this book—from Hollywood to Hungary—he heard the same refrain. Yet most of the standard how-to books on screenwriting follow the film industry's earlier lead in focusing almost exclusively on plot and formulaic structures. With this book, Horton, a film scholar and successful screenwriter, provides the definitive work on the character-based screenplay. Exceptionally wide-ranging—covering American, international, mainstream, and "off-Hollywood" films, as well

as television—the book offers creative strategies and essential practical information. Horton begins by placing screenwriting in the context of the storytelling tradition, arguing through literary and cultural analysis that all great stories revolve around a strong central character. He then suggests specific techniques and concepts to help any writer—whether new or experienced—build more vivid characters and screenplays. Centering his discussion around four film examples—including *Thelma & Louise* and *The Silence of the Lambs*—and the television series, *Northern Exposure*, he takes the reader step-by-step through the screenwriting process, starting with the development of multi-dimensional characters and continuing through to rewrite. Finally, he includes a wealth of information about contests, fellowships, and film festivals. Espousing a new, character-based approach to screenwriting, this engaging, insightful work will prove an essential guide to all of those involved in the writing and development of film scripts. NATIONAL BESTSELLER • With the same emotional generosity and effortlessly compelling storytelling that made *All Over But the Shoutin'* a beloved bestseller, Rick Bragg continues his personal history of the Deep South. This time he's writing about his grandfather Charlie Bundrum, a man who died before Bragg was born but left an indelible imprint on the people who loved him. Drawing on their memories, Bragg reconstructs the life of an unlettered roofer who kept food on his family's table through the worst of the Great Depression; a moonshiner who drank exactly one pint for every gallon he sold; an unregenerate brawler, who could sit for hours with a baby in the crook of his arm. In telling Charlie's story, Bragg conjures up the backwoods hamlets of Georgia and Alabama in the years when the roads were still dirt and real men never cussed in front of ladies. A masterly family chronicle and a human portrait so vivid you can smell the cornbread and whiskey, *Ava's Man* is unforgettable. What goes into the making of Hollywood's greatest motion pictures? DYC focuses on the importance of the individuality of characters: their eccentricity, drive, and relative "basis in fact" - inspired in part by people you know or you yourself.
