Following the dramatic events of July 2016, the global spotlight has fallen on Turkey's increasingly authoritarian government, led by President Recep Tayyip Erdogan. International observers fear the attempted coup has given Erdogan, already known for his attacks on press freedom, an excuse to further suppress all opposition. In November 2015, Can Dündar, editor-in-chief of the national Cumhuriyet newspaper, was arrested on charges of espionage, helping a terrorist organisation, trying to topple the government and revealing state secrets. His transgression? Publishing photographic evidence of a highly illegal covert arms shipment by the Turkish secret service to radical Islamist organisations fighting government forces in Syria - a crime that was in the government's interest to conceal, and a journalist's duty to expose. Arraigned by the President himself, who called for Dündar to receive two life sentences, he was held in solitary confinement in Turkey's Silivri Prison for three months while awaiting trial. *We Are Arrested* is Dündar's enthralling account of the newspaper's decision to publish and the events that unfolded as a result - including would-be suicide bombings, assassination attempts and fierce attacks from pro-government media - as well as the time he served behind bars for defending the public's right to know. Sherlock Holmes, the world's "only unofficial consulting detective", was first introduced to readers in *A Study in Scarlet* published by Sir Arthur Conan Doyle in 1887. It was with the publication of *The Adventures of Sherlock Holmes*, however, that the master sleuth grew tremendously in popularity, later to become one of the most beloved literary characters of all time. In this book series, the short stories comprising *The Adventures of Sherlock Holmes* have been amusingly illustrated using only Lego® brand minifigures and bricks. The illustrations recreate, through custom designed Lego models, the composition of the black and white drawings by Sidney Paget that accompanied the original publication of these adventures appearing in *The Strand Magazine* from July 1891 to June 1892. Paget's iconic illustrations are largely responsible for the popular image of Sherlock Holmes, including his deerstalker cap and Inverness cape, details never mentioned in the writings of Conan Doyle. This uniquely illustrated collection, which features some of the most famous and enjoyable cases investigated by Sherlock Holmes and his devoted friend and biographer Dr. John H. Watson, including *A Sandal in Bohemia* and *The Red-Headed League*, is sure to delight Lego enthusiasts, as well as fans of the Great Detective, both old and new.
