Botany for Degree Students - Semester III [BSc Programme] Dec 31  
2022 This textbook has been designed to meet the needs of B.Sc. Third  
Semester students of Botany as per the UGC Choice Based Credit  
System (CBCS). It acquaints students with the tissue system, anatomy of  
stems, roots & leaves and secondary growth. It explains adaptive &  
protective systems and structural organization of a flower. Besides, the

book also covers pollination, fertilization, development of endosperm and embryo, apomixis and polyembryony. While it provides strong conceptual understanding of the subject, it also helps in developing scientific outlook of the student.
