Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly

illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Untouchable Aug 03 2020 Exploring the enduring legacy of untouchability in India, this book challenges the ways in which the Indian experience has been represented in Western scholarship. The authors introduce the long tradition of Dalit emancipatory struggle and present a sustained critique of academic discourse on the dynamics of caste in Indian society. Case studies complement these arguments, underscoring the perils and problems that Dalits face in a contemporary context of communalized politics and market reforms.

Cultural Encounters in India Oct 29 2022 The book is an English translation of an award winning German book. The history of social and religious encounter in 18th century South India is narrated through fascinating biographies and day to day lives of Indian workers in the Tranquebar Mission (1706-1845). The book challenges the notion that Christianity in colonial India was basically imposed from the outside. Liebau maintains that significant contributions were made by the local converts and mission co-workers who played an important role in the Tranquebar Mission.

An Untouchable Community in South India
 Jun 12 2021 While many studies suggest that Indian Untouchables do not entirely share the hierarchical values characteristic of the caste system, Michael Moffatt argues that the most striking feature of the lowest castes is their pervasive cultural consensus with those higher in the system. Though rural Untouchables

question their particular position in the system, they seldom question the system as a whole, and they maintain among themselves a set of hierarchical conceptions and institutions virtually identical to those of the dominant social order. Based on fourteen months of fieldwork with Untouchable castes in two villages in Tamil Nadu, south India, Professor Moffatt's analysis specifies ways in which the Untouchables are both excluded and included by the higher castes. Ethnographically, he pursues his structural analysis in two related domains: Untouchable social structure, and Untouchable religious belief and practice. The author finds that in those aspects of their lives where Untouchables are excluded from larger village life, they replicate in their own community nearly every institution, role, and ranked relation from which they have been excluded. Where the Untouchables are included by the higher castes, they complete the hierarchical whole by accepting their low position and playing their assigned roles. Thus the most oppressed members of Indian society are often among the truest believers in the system. Originally published in 1979. Great Soul Jul 02 2020 A highly original, stirring book on Mahatma Gandhi that deepens our sense of his achievements and disappointments—his success in seizing India's imagination and shaping its independence struggle as a mass movement, his recognition late in life that few of his followers paid more than lip service to his ambitious goals of social justice for the country's minorities, outcasts, and rural poor. Pulitzer Prize-winner Joseph Lelyveld shows in vivid, unmatched detail how Gandhi's sense of mission, social values, and philosophy of nonviolent resistance were shaped on another subcontinent—during two decades in South Africa—and then tested by an India that quickly learned to revere him as a Mahatma, or "Great Soul," while following him only a small part of the way to the social transformation he envisioned. The man himself emerges as one of history's most remarkable self-creations, a prosperous lawyer who became an ascetic in a loincloth wholly dedicated to political and social action. Lelyveld leads us step-by-step through the heroic—and tragic—last months of this selfless leader's long campaign when his nonviolent efforts culminated in the partition of India, the creation of Pakistan, and a bloodbath of ethnic cleansing that ended only with his own assassination. India and its politicians were ready to place Gandhi on a pedestal as "Father of the Nation" but were less inclined to embrace his teachings. Muslim support, crucial in his rise to leadership, soon waned, and the oppressed untouchables—for whom Gandhi spoke to Hindus as a whole—produced their own leaders.

Here is a vital, brilliant reconsideration of Gandhi's extraordinary struggles on two continents, of his fierce but, finally, unfulfilled hopes, and of his ever-evolving legacy, which more than six decades after his death still ensures his place as India's social conscience—and not just India's.

When his mother was sold away, Hiram was robbed of all memory of her—but was gifted with a mysterious power. Years later, when Hiram almost drowns in a river, that same power saves his life. This brush with death births an urgency in Hiram and a daring scheme: to

escape from the only home he's ever known. So begins an unexpected journey that takes Hiram from the corrupt grandeur of Virginia's proud plantations to desperate guerrilla cells in the wilderness, from the coffin of the Deep South to dangerously idealistic movements in the North. Even as he's enlisted in the underground war between slavers and the enslaved, Hiram's resolve to rescue the family he left behind endures. This is the dramatic story of an atrocity inflicted on generations of women, men, and children—the violent and capricious separation of families—and the war they waged to simply make lives with the people they loved. Written by one of today's most exciting thinkers and writers, *The Water Dancer* is a propulsive, transcendent work that restores the humanity of those from whom everything was stolen. Praise for *The Water Dancer* "Ta-Nehisi Coates is the most important essayist in a generation and a writer who changed the national political conversation about race with his 2015 memoir, *Between the World and Me*. So naturally his debut novel comes with slightly unrealistic expectations—and then proceeds to exceed them. *The Water Dancer* . . . is a work of both staggering imagination and rich historical significance. . . . What's most powerful is the way Coates enlists his notions of the fantastic, as well as his fluid prose, to probe a wound that never seems to heal. . . . Islam in South Asia Mar 10 2021 Islamic South Asia has become a focal point in academia. Where did Muslims come from? How did they fare in interacting with Hindu cultures? How did they negotiate identity as ruling and ruled minorities and majorities? Part I covers early Muslim expansion and the formative phase in context of initial cultural encounter (app. 700-1300). Part II views the establishment of Muslim empire, cultures oscillating between

Islamic and Islamicate, centralised and regionalised power (app. 1300-1700). Part III is composed in the backdrop of regional centralisation, territoriality and colonial rule, displaying processes of integration and differentiation of Muslim cultures in colonial setting (app. 1700-1930). Tensions between Muslim pluralism and singularity evolving in public sphere make up the fourth cluster (app. 1930-2002).

Tracking Control of Linear Systems Oct 17 2021 The primary purpose of control is to force desired behavior in an unpredictable environment, under the actions of unknown, possibly unmeasurable disturbances and unpredictable, and therefore probably nonzero, initial conditions. This means that tracking and tracking control synthesis are fundamental control issues. Surprisingly, however, tracking theory has not been well developed, and stability theory has dominated. *Tracking Control of Linear Systems* presents the fundamentals of tracking theory for control systems. The book introduces the full transfer function matrix $F(s)$,

which substantially changes the theory of linear dynamical and control systems and enables a novel synthesis of tracking control that works more effectively in real environments. *An Introduction to the New Fundamentals of the Theory of Linear Control Systems* The book begins by re-examining classic linear control systems theory. It then defines and determines the system full (complete) transfer function matrix $F(s)$ for two classes of systems: input-output (IO) control systems and input-state-output (ISO) control systems. The book also discusses the fundamentals of tracking and trackability. It presents new Lyapunov tracking control algorithms and natural tracking control (NTC) algorithms, which ensure the quality of the tracking under arbitrary disturbances and initial conditions. This natural tracking control is robust, adaptable, and simple to implement. *Advances in Linear Control Systems Theory: Tracking and Trackability* This book familiarizes readers with novel, sophisticated approaches and methods for tracking control design in real conditions. Contributing to the advancement of linear control systems theory, this work opens new directions for research in time-invariant continuous-time linear control systems. It builds on previous works in the field, extending treatment o
