Ask a Manager Dec 19 2021
From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with

candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* **Give Me Liberty! Gizmo Nov 05 2020 After taking in Gizmo, a Sheltie puppy, the Peterson's quickly learn that this little guy is full of zest. This energetic puppy needs something to do, besides destroying everything in Charles and Lizzie's house. Like Dreamers Aug 22 2019 Winner of the Everett Family Jewish Book of the Year Award (a National Jewish Book Award) and the RUSA Sophie Brody Medal. In *Like Dreamers*, acclaimed journalist Yossi Klein Halevi interweaves the stories of a group of 1967 paratroopers who reunited Jerusalem, tracing the history of Israel and the divergent ideologies shaping it from the Six-Day War to the present. Following the lives of seven young members from the 55th Paratroopers Reserve Brigade, the unit responsible for restoring Jewish sovereignty to Jerusalem, Halevi reveals how this band of brothers played pivotal roles in shaping Israel's destiny long after their historic victory. While they worked together to reunite their

country in 1967, these men harbored drastically different visions for Israel's future. One emerges at the forefront of the religious settlement movement, while another is instrumental in the 2005 unilateral withdrawal from Gaza. One becomes a driving force in the growth of Israel's capitalist economy, while another ardently defends the socialist kibbutzim. One is a leading peace activist, while another helps create an anti-Zionist terror underground in Damascus. Featuring an eight pages of black-and-white photos and maps, Like Dreamers is a nuanced, in-depth look at these diverse men and the conflicting beliefs that have helped to define modern Israel and the Middle East.

The Double Helix Oct 29 2022 The classic personal account of Watson and Crick's groundbreaking discovery of the structure of DNA, now with an introduction by Sylvia Nasar, author of *A Beautiful Mind*. By identifying the structure of DNA, the molecule of life, Francis Crick and James Watson revolutionized biochemistry and won themselves a Nobel Prize. At the time, Watson was only twenty-four, a young scientist hungry to make his mark. His uncompromisingly honest account of the heady days of their thrilling sprint against other world-class researchers to solve one of science's greatest mysteries gives a dazzlingly clear picture of a world of brilliant scientists with great gifts, very human ambitions, and bitter rivalries. With humility unspoiled by false modesty, Watson relates his and Crick's desperate efforts to beat Linus Pauling to the Holy Grail of life sciences, the identification of the basic building block of life. Never has a scientist been so truthful in capturing in words the flavor of his work.

"A practical crash course in how to reinvent yourself."—Kevin Kelly, *Wired* Is it possible to reach your genetic potential in 6 months? Sleep 2 hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. *The 4-Hour Body* is the result of an

obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all works. You will learn (in less than 30 minutes each):

- How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails
- How to prevent fat gain while bingeing over the weekend or the holidays
- How to sleep 2 hours per day and feel fully rested
- How to produce 15-minute female orgasms
- How to triple testosterone and double sperm count
- How to go from running 5 kilometers to 50 kilometers in 12 weeks
- How to reverse "permanent" injuries
- How to pay for a beach vacation with one hospital visit

And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics

or more exercise. You need immediate results that compel you to continue. That's exactly what *The 4-Hour Body* delivers.

From the powerhouse author-illustrator team of Iggy Peck, *Architect* comes *Rosie Revere, Engineer*, another charming, witty picture book about believing in yourself and pursuing your passion. *Ada Twist, Scientist*, the companion picture book featuring the next kid from Iggy Peck's class, is available in September 2016.!--?xml:namespace prefix = o ns = "urn:schemas-microsoft-com:office:office" /-- Praise for *Rosie Revere, Engineer*"Comically detailed mixed-media illustrations that keep the mood light and emphasize Rosie's creativity at every turn."—Publishers Weekly "The detritus of Rosie's collections is fascinating, from broken dolls and stuffed animals to nails, tools, pencils, old lamps and possibly an erector set. A Gentle Reminder Feb 06
2021 A gentle reminder, for the
days you feel light in this
world, and for the days in
which the sun rises a little
slower. A gentle reminder for
when your heart is full of hope,
and for when you are learning
how to heal it. A gentle
reminder for when you finally
begin to trust in the goodness,
and for when you need the kind
of words that hug your broken
pieces back together. A gentle
reminder for when growth
hangs heavy in the air, for
when you need to tuck your
strength into your bones just to
make it to tomorrow. A gentle
reminder for when you are
balancing the messiness, and
the beauty, of what it means to
be human, when you are
teaching yourself that it is okay

to be both happy and sad, that
you are real, not perfect. A
gentle reminder for when you

when you were younger. A
gentle reminder for when you
need to hear that you deserve
to be loved the way you love
others. A gentle reminder for
when you need to recognize
that you are not your past, that
you are not your faults. A
gentle reminder for when you

in continuing to be the kind of

do so. A gentle reminder to
